IL SIG.

FRANCESCO BERNARDINO PORRO

Dottore di Leggi Eccellentissimo.

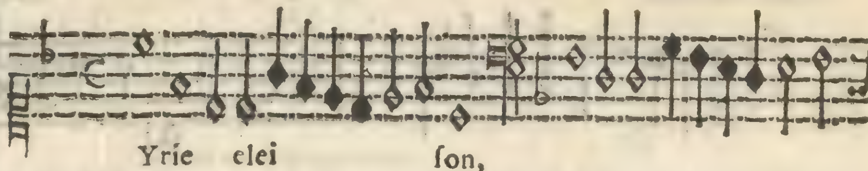

Vello, ch'io delle virtuose, e nobili conditioni di V. S. haueua già da molte parti udito, e specialmente della sua lodeuole inclinatione al diletto honestißimo della Musica, e delle cortese protettioni, ch'ella fù sempre vsata di tenere di tutti i boni professori di così degna Arte; di che fà particolar fede il Sig. Orfeo Vecchi nel suo primo libro de Motetti à cinq; voci: m'hauea ripieno di desiderio ardentißimo di conoscerla di vista, e di trouar occasione di guadagnar la gratia sua. Il che essendomi (la Dio mercè) felicemente auuenuto quì in Torino, con tanto accrescimento della mia affettione verso V. S. quanto la presenza di lei m'è venuta auanzando la sua chiara fama; m'è poi stato d'vn continuo stimolo di deuerle dare alcun segno della mia perpetua osseruanza. E così senza vscir de gli studij mei, ne allontanarmi dal gusto di V. S. hò pensato di dedicarle certe mie Messe à quattro voci, le quali à compiacimẽto di stretti amici son dolcemente sforzato di publicare, sperando ancora con l'honorato nome di lei di render più grate al Mondo, e vie più commendabili le mie fatiche. Le quali s'io saprò che da V. S. sieno state volentieri riceuute, & hauute care, il sommo pregio della sua auttorità me ne farà pregiar qualche poco; nel resto contentandomi, che l'atto presente vaglia solo à stabilirmi nella seruitù già presa cõ V. S. & à confermarmi l'amore, ch'ella s'è degnata dimostrarmi: e le bacio cordialißimamente la mano, pregandole prosperità di fortuna corrispondente al merito della virtù.

Di Torino, li 22. Nouembre 1603.

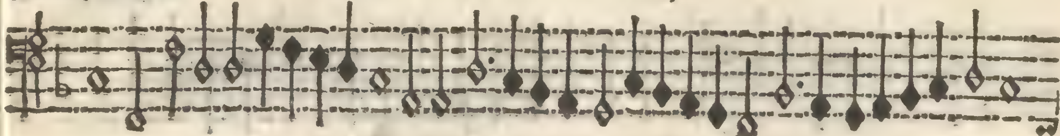

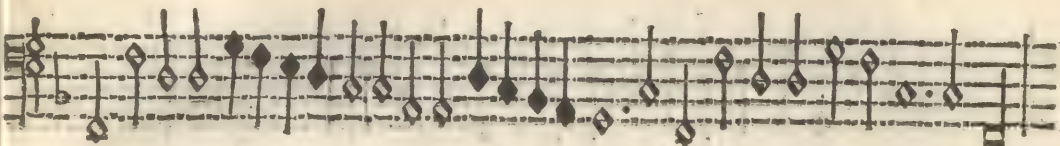

Di V. S. Illust.
